Introducing: DriTac 9100 Contractors Choice High Solids Wood Flooring Adhesive

For immediate release: DriTac Flooring Products, LLC, has launched a new high solids wood flooring adhesive: DriTac 9100 Contractors Choice, a wet-lay adhesive for the installation of wood flooring. DriTac 9100 Contractors Choice offers professional wood flooring contractors and installers a fast-grabbing, environmentally friendly wet-lay adhesive for wood flooring installations.

DriTac 9100 Contractors Choice is ideal for installing multi-ply engineered plank, acrylic impregnated wood, plain-back parquet and $\frac{3}{4}$ " solid shorts. In addition to having low-VOC content, DriTac 9100 Contractors Choice is rebondable, requires no set-up time, and can be cleaned easily with a damp rag. Available in one-gallon and four-gallon pails, DriTac 9100 Contractors Choice is a professional grade, wet-lay adhesive for cost-effective installations of wood flooring.

DriTac is committed to manufacturing environmentally friendly products for the wood flooring industry with a complete line of premium "green" solvent-free and VOC-free adhesives and installation products. Visit the "Green Center" portal at www.DriTac.com for more information.

DriTac Flooring Products, LLC is celebrating over 50 years as one of the oldest and most experienced manufacturers of adhesives for wood flooring in the market today. DriTac is the only major adhesive manufacturer solely dedicated to adhesives and flooring installation products specifically designed for the wood flooring industry. DriTac adhesives are available from coast to coast through more than 100 distributors and in warehouses including: Carlstadt, N.J., Dalton, Ga., City of Commerce, Calif. and Dallas,

Texas. For more information, or to receive a complete products guide for all of DriTac's adhesives and installation products for wood flooring, contact: John Lio, 60 Webro Road Clifton, N.J. 07012; Ph: 800-394-9310 ext. 243; e-mail: jlio@DriTac.com; or Web: www.DriTac.com.
