

## Wood Flooring Adhesive

### DriTac Adhesive Group

Easy Spread DriTac 7400 Moisture Cure Urethane Wood Flooring Adhesive is an addition to the company's line of professional-grade, premium-quality wood-flooring adhesives. It contains no water, is low in odor, non-slumping, freeze-thaw stable, has high initial tack, and forms a permanent bond. Designed for fast installation and easy removal from its pail, Easy Spread aims to incorporate the outstanding strength characteristics of a moisture cure urethane adhesive with the addition of easy spreading and user-friendliness. 7400 is used for the installation of exotic woods, multi-ply engineered plank, acrylic impregnated wood, parquet, plywood, and solid plank flat-milled up to 1/2" thick. This product is available in 2- and 4-gallon containers.
