## **DriTac 9200 FasTac: Solvent Free Wet-Lay Adhesive For “Green” Wood Flooring Installations**

**For immediate release:** DriTac Adhesive Group introduces a new adhesive for “green” environmentally friendly wood flooring installation projects; DriTac 9200 FasTac Polymeric Resin with Urethane, High Solids Wood Flooring Adhesive.

DriTac 9200 FasTac is a fast grabbing high solids, wet-lay adhesive that inhibits the growth of bacteria and mold and has zero VOC’s. Requiring no flash time, DriTac 9200 FasTac is ideal for installing multi-ply engineered plank, plain-back parquet, ¾” solid shorts, acrylic impregnated multi-ply engineered plank and acrylic impregnated plain-back parquet installations

DriTac 9200 FasTac is available in 1- and 4-gallon containers, spreads easily, is very low in odor, easy to clean up, non-slumping, non-flammable, VOC free, and is the recommended wet-lay adhesive for all “green” building wood flooring installation projects.

DriTac Adhesive Group, as part of the firm’s dedication to the “green” building movement, has also developed DriTac 7500 Eco-Urethane Premium Wood Flooring

Adhesive. DriTac 7500 Eco-Urethane is solvent free with zero VOC's, and is the recommended premium moisture cure urethane for all "green" wood flooring installation projects.

DriTac Adhesive Group, celebrating its 50<sup>th</sup> Anniversary, is one of the oldest and most experienced manufacturers of adhesives for wood flooring in the market today.
