

# PROINSTALLER PRODUCTS

**DriTac 7800 Supreme Green all-in-one hybrid polymer wood flooring adhesive**  
 DriTac 7800 Supreme Green is an all-in-one hybrid polymer wood flooring adhesive that provides unlimited subfloor moisture control with no testing required and a lifetime warranty. This sustainable solution offers sound reduction to meet or exceed all local IIC and STC requirements, crack bridging, and cleans up easily when wet or dry. Supreme Green has been independently tested and certified by the Carpet and Rug Institute's (CRI) Green Label Plus Program for Indoor Air Quality (IAQ). **For information, call (201) 933-8800 or visit [www.usa.sika.com](http://www.usa.sika.com)**

**Tego Systems: Professional quality staplers and fasteners**

Tego Systems offers professional-quality staplers and fasteners. Utilizing proprietary jam-free staple technology, its line of staples is coated with a premium polymer coating for superior hold in the rows

of staples. Available for installing padding, carpet, wood and underlayment, the staples are made of galvanized steel to prevent rust in damp areas, as well as in areas where the carpet has been cleaned using the wet-extraction method. Staples for upholstery stairs are available with tan coloring on the crown so they disappear into the stair when viewed from below. **For information, visit [www.tegosystems.com](http://www.tegosystems.com).**

**Küberit USA Profile Line**

Küberit USA offers a comprehensive line of profiles from European market leader Küberit. The Küberit product range includes more than 400 profile designs and 16,000 SKUs for all types of floors. Every Küberit profile has a specific purpose and story underwritten by the highest quality standards, forward-leaning design, and engineering excellence. The Küberit product line was specifically organized to meet the American marketplace's profile needs and specification pathways. **For information, call (888) 284-7567 or visit [www.kuberitusa.com](http://www.kuberitusa.com)**
